

Campus Student Support Services:

In addition to the course information outlined in this syllabus, faculty understand the stresses inherent in the rigorous academic and extracurricular undertakings of a UC Berkeley student. Below is a partial directory outlining campus services that may prove useful throughout our time as students, ranging from direct academic assistance to student health and wellness resources. In collaboration with the UC Berkeley Division of the Academic Senate, this guide has been provided by the ASUC Office of the Academic Affairs Vice President (AAVP) and the Graduate Assembly Office of the Campus Affairs Vice President (CAVP) with the purpose of providing the campus community with a set of resources that facilitate a positive student experience. With an increased emphasis on the holistic well-being of students both inside and outside of the classroom, this directory aims to assist students in achieving success in their various roles on this campus. The AAVP office and Graduate Assembly recognize the need to inform the campus of resources critical for the wellness and retention of all students and hopes that this will serve as a benefit for all throughout their undergraduate experience.

Andreas Lazaris, AAVP Chief of Staff // Valerie Jameson, AAVP// John Ready, CAVP// Janell Tryon, GSSP PC

**The Graduate Assembly houses multiple Project Coordinators (PCs) that address the needs of graduate students that are underserved by or underrepresented in the current programs and institutions of UC Berkeley. Current PCs*

focus their outreach and advocacy on issues that affect: Minority Students, Women, Women of Color, Students seeking Wellness/Mental Health Support, Queer and Trans Folk, Student Parents, and the allies of these communities.
